

Hooked On Country

Hooked On Country

Hi everyone

I have to tell you that the school I put country nights on is no more. When I put my dates in for this year I was told the rent would be going up to £70, but just before Christmas I got a form telling me they wanted £25 an hour. So on Tuesday this week I went to the school to find out what was going on. The head told me they have a new cleaning company so they want extra money, I said I could not afford to pay that amount, she said she would speak to her manager. she rang me back Yesterday (Friday), to say there was nothing they could do, the little room that people made tea and coffee in they want £25 for 1 hour plus for Jamie to come and open up and close the school another £25 so the total to use the school is £200 there is no way I can pay that sort of money. So Martin the caretaker of St Josephs as told me I can go there, I can't do March as the hall is already booked. I will be there Sat 2nd June with "Pete Redfern", I have run a country club for 35years with my husband Dennis. The last six years without him as been hard but I love putting these club nights on, I do hope you will come and support me at St Josephs. It has a large hall with a great dance floor a bar and a large car park, I hope to see you there. Thank you for taking the time to read this.
